

VMI Accessories

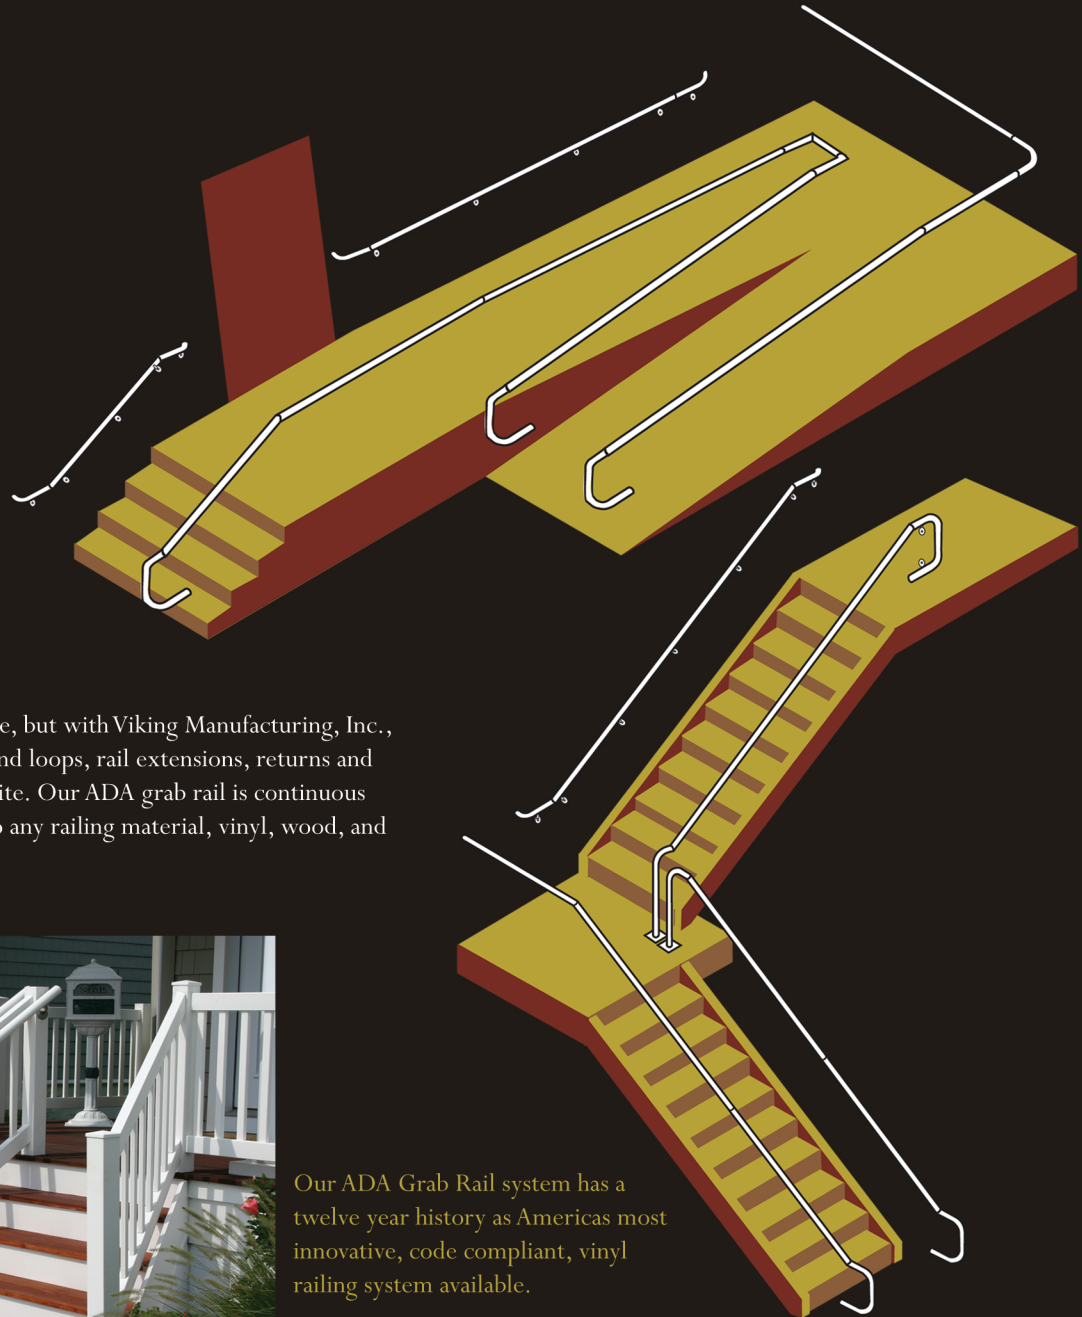

Viking Manufacturing, Inc. is proud to offer a complete line of accessories. Built to withstand the harshest of weather conditions, our components help you complete any residential or commercial building projects.

- ✓ Grab rail meets the ADA grasp ability requirements.
- ✓ Due to added UV inhibitors, our vinyl discoloration is reduced
- ✓ Easily installs on site with no preformed fittings.
- ✓ Heavy wall vinyl exterior & over-engineered aluminum interior provide maintenance free strength and durability.
- ✓ Can be installed in any stair or ramp configuration; continuously or interrupted.
- ✓ Mounts on wood, vinyl, or metal railing systems to provide code compliant grasp ability.
- ✓ Installs like wood, no special tools required.
- ✓ Best of all, it's backed with a lifetime limited warranty.

No two set of stairs or ramps are alike, but with Viking Manufacturing, Inc., ADA compliant grab rail is simple. End loops, rail extensions, returns and transitions are all easily installed on site. Our ADA grab rail is continuous vinyl handrail that can be mounted to any railing material, vinyl, wood, and steel.

ADA Grab Rail

Our ADA Grab Rail system has a twelve year history as Americas most innovative, code compliant, vinyl railing system available.
